**AGREEMENT AND ASSIGNMENT** dated as of October 1, 1971, between the corporation first named following the testimonium below (hereinafter called the Builder) and THE BOATMEN'S NATIONAL BANK OF ST. LOUIS, a national banking association organized and existing under the laws of the United States of America, with its place of business at 300 North Broadway, St. Louis, Missouri (hereinafter called the Assignee).

WHEREAS the Builder and ST. LOUIS-SAN FRANCISCO RAILWAY COMPANY (hereinafter called the Railroad) have entered into a Conditional Sale Agreement dated as of October 1, 1971 (hereinafter called the Conditional Sale Agreement), covering the construction, sale and delivery by the Builder and the purchase by the Railroad of the railroad equipment referred to in the Conditional Sale Agreement (hereinafter called the Equipment);

NOW, THEREFORE, this Agreement and Assignment (hereinafter called this Assignment) Witnesseth that, in consideration of the sum of One Dollar and other good and valuable consideration paid by the Assignee to the Builder, the receipt of which is hereby acknowledged, as well as of the mutual covenants herein contained the parties hereto do hereby agree as follows:

SECTION 1. Whenever this Assignment incorporates herein by reference, in whole or in part or as hereby amended, any provision of the document entitled "Model Assignment Provisions" annexed to the Conditional Sale Agreement as Part II of Annex A thereto (hereinafter called the Model Assignment Provisions), such provision of the Model Assignment Provisions shall be deemed to

be a part of this instrument as fully to all intents and purposes as though such provision had been set forth in full in this instrument.

SECTION 2. The Builder hereby assigns, transfers and sets over unto the Assignee, its successors and assigns:

(a) all the right, title and interest of the Builder in and to each unit of the Equipment when and as severally delivered to and accepted by the Railroad, subject to payment by the Assignee to the Builder of the amount required to be paid under Section 6 hereof;

(b) all the right, title and interest of the Builder in and to the Conditional Sale Agreement (except the right to construct and deliver the Equipment and the right to receive the payments specified in the third paragraph of Article 3 thereof and in subparagraphs (a) and (b) of the third paragraph of Article 4 thereof and the last paragraph of Article 17 thereof and reimbursements for taxes paid or incurred by the Builder as provided in Article 5 thereof) and in and to any and all amounts which may be or become due or owing by the Railroad to the Builder under the Conditional Sale Agreement on account of its indebtedness in respect of the Purchase Price (as defined in the Conditional Sale Agreement) of the Equipment and interest thereon, and in and to any other sums becoming due from the Railroad under the Conditional Sale Agreement, other than those hereinabove excluded; and

(c) except as limited by subparagraph (b) hereof, all the Builder's rights, powers, privileges and remedies under the Conditional Sale Agreement;

without any recourse against the Builder for or on account of the failure of the Railroad to make any of the payments

provided for in, or otherwise to comply with, any of the provisions of the Conditional Sale Agreement; *provided, however*, that this Assignment shall not subject the Assignee to, or transfer, or pass, or in any way affect or modify, the liability of the Builder to construct and deliver the Equipment in accordance with the Conditional Sale Agreement or with respect to its obligations referred to or contained in Articles 10 and 16 of the Conditional Sale Agreement, or relieve the Railroad from its obligations to the Builder referred to or contained in Articles 2, 3, 4, 5, 10, 15, 16 and 17 of the Conditional Sale Agreement, it being understood and agreed that, notwithstanding this Assignment, or any subsequent assignment pursuant to the provisions of Article 17 of the Conditional Sale Agreement, all obligations of the Builder to the Railroad with respect to the Equipment shall be and remain enforceable by the Railroad, its successors and assigns, against and only against the Builder. In furtherance of the foregoing assignment and transfer, the Builder hereby authorizes and empowers the Assignee, in the Assignee's own name or in the name of the Assignee's nominee, or in the name of and as attorney hereby irrevocably constituted for the Builder, to ask, demand, sue for, collect, receive and enforce any and all sums to which the Assignee is or may become entitled under this Assignment and compliance by the Railroad with the terms and agreements on its part to be performed under the Conditional Sale Agreement, but at the expense and liability and for the sole benefit of the Assignee.

SECTION 3. Section 3 of the Model Assignment Provisions is herein incorporated as Section 3 hereof.

SECTION 4. Section 4 of the Model Assignment Provisions is herein incorporated as Section 4 hereof.

SECTION 5. The Builder will cause each side of each unit of the Equipment, at the time of delivery thereof to the Railroad, to be plainly, distinctly, permanently and conspicuously marked with the following legend in letters not less than one inch in height:

AGENT, OWNER”.

SECTION 6. The Assignee, on each Closing Date fixed as provided in Article 4 of the Conditional Sale Agreement with respect to a Group (as defined in said Article 4) of the Equipment, shall pay to the Builder an amount equal to the portion of the purchase price thereof which, under the terms of said Article 4, is payable in instalments, provided that there shall have been delivered to the Assignee, as provided in Article 17 of the Conditional Sale Agreement and at least five business days prior to such Closing Date, the following documents, in form and substance satisfactory to it and to its special counsel hereinafter mentioned, in such number of counterparts as may be reasonably requested by said special counsel:

no approval of the Interstate Commerce Commission or any other governmental authority is necessary for the valid execution and delivery of the Finance Agreement, the Conditional Sale Agreement or this Assignment, or if any such authority is necessary, it has been obtained, (vii) the Conditional Sale Agreement and this Assignment have been duly filed and recorded with the Interstate Commerce Commission in accordance with Section 20c of the Interstate Commerce Act and no other filing or recordation is necessary for the protection of the rights of the Assignee in any state of the United States of America or in the District of Columbia, (viii) registration of the Conditional Sale Agreement, this Assignment or the certificates of interest delivered pursuant to the Finance Agreement is not required under the Securities Act of 1933, as amended, and qualification of an indenture with respect thereto is not required under the Trust Indenture Act of 1939, as amended and (ix) the opinions referred to in subparagraphs (e), (f), and (h) are satisfactory in form and substance and may be relied upon by the Assignee, the Investors named in the Finance Agreement and Messrs. Cravath, Swaine & Moore; and such opinion shall also cover such other matters as may reasonably be requested by the Assignee or such Investors;

(g) A receipt from the Builder for any payment (other than the payment being made by the Assignee pursuant to the first paragraph of this Section 6) required to be made on such Closing Date to the Builder with respect to the Equipment, unless such payment is made by the Assignee with funds furnished to it for that purpose by the Railroad; and

(h) An opinion of independant Missouri counsel, acting as special counsel for the Assignee and the Investors, dated as of such Closing Date, as to such mat-

ters incident to the transactions contemplated hereby governed by Missouri law as the Assignee or the Investors may reasonably request.

In giving the opinions specified in subparagraphs (d), (e) and (f) of this Section 6, counsel may qualify any opinion to the effect that any agreement is a valid and binding instrument enforceable in accordance with its terms by a general reference to limitations as to enforceability imposed by bankruptcy, insolvency, reorganization, moratorium or other laws affecting the enforcement of creditors' rights generally. In giving the opinion specified in said subparagraph (d), counsel may rely, as to authorization, execution and delivery by the Builder of the documents executed by the Builder and title to the Equipment at the time of delivery thereof under the Conditional Sale Agreement, on the opinion of counsel for the Builder, and as to any matter governed by the law of any jurisdiction other than New York or the United States, on the opinion of counsel for the Builder or the opinion of counsel for the Railroad as to such matter.

The obligation of the Assignee hereunder to make payment for any Group of the Equipment is hereby expressly conditioned upon the prior receipt by the Assignee, as provided in the Finance Agreement, of all the funds to be furnished to the Assignee by the various parties to the Finance Agreement with respect to such Group. The Assignee shall not be obligated to make any above-mentioned payment at any time while an event of default, or any event which with the lapse of time and/or demand provided for in the Conditional Sale Agreement would constitute an event of default, shall be subsisting under the Conditional Sale Agreement. In the event that the Assignee shall not make any such payment, the Assignee shall reassign to the Builder, without recourse to the Assignee, all right,

title and interest of the Assignee in and to the units of the Equipment with respect to which payment has not been made by the Assignee.

It is understood and agreed that the Assignee shall not be required to make any payment with respect to, and shall have no right or interest in, any Equipment excluded from the Conditional Sale Agreement pursuant to Article 3 thereof.

The term "business days" as used herein means calendar days, excluding Saturdays, Sundays, and holidays.

SECTION 7. The Assignee may assign all or any of its rights under the Conditional Sale Agreement, including the right to receive any payments due or to become due to it from the Railroad thereunder. In the event of any such assignment, any such subsequent or successive assignee or assignees shall, to the extent of such assignment, enjoy all the rights and privileges and be subject to all the obligations of the Assignee hereunder.

SECTION 8. Section 8 of the Model Assignment Provisions is herein incorporated as Section 8 hereof.

SECTION 9. The terms of this Assignment and all rights and obligations hereunder shall be governed by the laws of the State of Missouri; *provided, however*, that the parties shall be entitled to all rights conferred by Section 20c of the Interstate Commerce Act. The terms, rights and obligations of the parties hereunder may not be changed orally, but may be changed only by an agreement in writing signed by the party against whom enforcement of such change is sought.

SECTION 10. Although this Assignment is dated for convenience as of October 1, 1971, the actual date or dates

of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

IN WITNESS WHEREOF, the Builder and the Assignee have caused this instrument to be executed in their respective corporate names by their respective officers thereunto duly authorized, and their respective corporate seals to be hereunto affixed and duly attested, all as of the date first above written.

## **ANNEX A**

### ***Part II***

#### **MODEL ASSIGNMENT PROVISIONS**

SECTION 3. The Builder agrees that it shall construct the Equipment in full accordance with the Conditional Sale Agreement and will deliver the same upon completion to the Railroad in accordance with the provisions of the Conditional Sale Agreement; and that, notwithstanding this Assignment, it will perform and fully comply with each of and all the covenants and conditions of the Conditional Sale Agreement set forth to be performed and complied with by the Builder. The Builder further agrees that it will warrant to the Assignee and the Railroad that at the time of delivery of each unit of the Equipment under the Conditional Sale Agreement it had legal title to such unit and good and lawful right to sell such unit and that title to such unit was free of all claims, liens, security interests and other encumbrances of any nature except only the rights of the Railroad under the Conditional Sale Agreement; and the Builder further agrees that it will defend the title to such unit against the demands of all persons whomsoever based on claims originating prior to the delivery of such unit by the Builder under the Conditional Sale Agreement; all *subject, however*, to the provisions of the Conditional Sale Agreement and the rights of the Railroad thereunder. The Builder will not deliver any of the Equipment to the Railroad under the Conditional Sale Agreement until the filings and recordations referred to in Article 21 of the Conditional Sale Agreement have been effected.

SECTION 4. The Builder agrees with the Assignee that in any suit, proceeding or action brought by the Assignee under the Conditional Sale Agreement for any instalment of, or interest on, indebtedness in respect of the Purchase

Price of the Equipment or to enforce any provision of the Conditional Sale Agreement, the Builder will indemnify, protect and hold harmless the Assignee from and against all expense, loss or damage suffered by reason of any defense, setoff, counterclaim or recoupment whatsoever of the Railroad arising out of a breach by the Builder of any obligation with respect to the Equipment or the manufacture, construction, delivery or warranty thereof, or under Article 10 or 16 of the Conditional Sale Agreement, or by reason of any defense, setoff, counterclaim or recoupment whatsoever arising by reason of any other indebtedness or liability at any time owing to the Railroad by the Builder. The Builder's obligation so to indemnify, protect and hold harmless the Assignee is conditional upon (a) the Assignee's timely motion or other appropriate action, on the basis of Article 17 of the Conditional Sale Agreement, to strike any defense, setoff, counterclaim or recoupment asserted by the Railroad in any such suit, proceeding or action and (b) if the court or other body having jurisdiction in such suit, proceeding or action denies such motion or other action and accepts such defense, setoff, counterclaim or recoupment as a triable issue in such suit, proceeding or action, the Assignee's prompt notification to the Builder of the asserted defense, setoff, counterclaim or recoupment and the Assignee's giving the Builder the right, at the Builder's expense, to compromise, settle or defend against such defense, setoff, counterclaim or recoupment.

Except in cases of articles or materials specified by the Railroad and not manufactured by the Builder and in cases of designs, systems, processes, formulae or combinations specified by the Railroad and not developed or purported to be developed by the Builder, the Builder agrees to indemnify, protect and hold harmless the Assignee from and against any and all liability, claims, costs, charges and

expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Assignee or its assigns because of the use in or about the construction or operation of any of the Equipment of any design, system, process, formula, combination, article or material which infringes or is claimed to infringe on any patent or other right. The Builder agrees that any amounts payable to it by the Railroad with respect to the Equipment, whether pursuant to the Conditional Sale Agreement or otherwise, not hereby assigned to the Assignee, shall not be secured by any lien, charge or security interest upon the Equipment or any unit thereof.

SECTION 6. The Assignee, on each Closing Date fixed as provided in Article 4 of the Conditional Sale Agreement with respect to a Group (as defined in said Article 4) of the Equipment, shall pay to the Builder an amount equal to the portion of the purchase price thereof which, under the terms of said Article 4, is payable in instalments, provided that there shall have been delivered to the Assignee, as provided in Article 17 of the Conditional Sale Agreement and at least five business days prior to such Closing Date, the following documents, in form and substance satisfactory to it and to its special counsel hereinafter mentioned, in such number of counterparts as may be reasonably requested by said special counsel:

(a) A bill of sale from the Builder to the Assignee transferring to the Assignee title to the units of the Equipment in such Group, warranting to the Assignee and to the Railroad that at the time of delivery of such units under the Conditional Sale Agreement the Builder had legal title to such units and good and lawful right to sell such units and that title to such units was free of all claims, liens, security interests and other encumbrances of any nature except only the rights of the

Railroad under the Conditional Sale Agreement, and covenanting to defend the title to such units against the demands of all persons whomsoever based on claims originating prior to the delivery of such units by the Builder under the Conditional Sale Agreement;

(b) A Certificate or Certificates of Acceptance with respect to the units of the Equipment in such Group as contemplated by Article 3 of the Conditional Sale Agreement;

(c) An invoice of the Builder for the units of the Equipment in such Group accompanied by or having endorsed thereon a certification by the Railroad as to the correctness of the prices of such units;

(d) An opinion of Messrs. Cravath, Swaine & Moore, who are acting as special counsel for the Assignee and the Investors named in the Finance Agreement, dated as of such Closing Date, stating that (i) the Finance Agreement, assuming due authorization, execution and delivery by such Investors, has been duly authorized, executed and delivered and is a legal, valid and binding instrument, (ii) the Conditional Sale Agreement has been duly authorized, executed and delivered by the Railroad and the Builder and is a legal, valid and binding instrument enforceable against the Railroad and the Builder in accordance with its terms, (iii) this Assignment has been duly authorized, executed and delivered by the Builder and the Assignee and is a legal, valid and binding instrument, (iv) the Assignee is vested with all the rights, titles, interests, powers and privileges purported to be assigned to it by this Assignment, (v) security title to the units of the Equipment in such Group is validly vested in the Assignee and such units, at the

time of delivery thereof to the Railroad under the Conditional Sale Agreement, were free from all claims, liens, security interests and other encumbrances (other than those created by the Conditional Sale Agreement), (vi) no approval of the Interstate Commerce Commission or any other governmental authority is necessary for the valid execution and delivery of the Finance Agreement, the Conditional Sale Agreement or this Assignment, or if any such authority is necessary, it has been obtained, (vii) the Conditional Sale Agreement and this Assignment have been duly filed and recorded with the Interstate Commerce Commission in accordance with Section 20c of the Interstate Commerce Act and no other filing or recordation is necessary for the protection of the rights of the Assignee in any state of the United States of America or in the District of Columbia and (viii) registration of the Conditional Sale Agreement, this Assignment or the certificates of interest delivered pursuant to the Finance Agreement is not required under the Securities Act of 1933, as amended, and qualification of an indenture with respect thereto is not required under the Trust Indenture Act of 1939, as amended; and such opinion shall also cover such other matters as may reasonably be requested by the Assignee or such Investors;

(e) An opinion of counsel for the Railroad, dated as of such Closing Date, to the effect set forth in clauses (i), (ii), (iii), (v), (vi) and (vii) of subparagraph (d) of this Section 6 and stating that the Railroad is a duly organized and existing corporation in good standing under the laws of its jurisdiction of incorporation and has the power and authority to own its properties and to carry on its business as now conducted;

(f) An opinion of counsel for the Builder, dated as of such Closing Date, stating that (i) the Builder is a duly organized and existing corporation in good standing under the laws of its jurisdiction of incorporation and has the power and authority to own its properties and to carry on its business as now conducted, (ii) the Conditional Sale Agreement has been duly authorized, executed and delivered by the Builder and is a legal and valid instrument binding upon the Builder and enforceable against the Builder in accordance with its terms, (iii) this Assignment has been duly authorized, executed and delivered by the Builder and is a legal and valid instrument binding upon the Builder, (iv) the Assignee is vested with all the rights, titles, interests, powers, privileges and remedies purported to be assigned to the Assignee by this Assignment and (v) security title to the units of the Equipment in such Group is validly vested in the Assignee and such units, at the time of delivery thereof to the Railroad under the Conditional Sale Agreement, were free from all claims, liens, security interests and other encumbrances (other than those created by the Conditional Sale Agreement); and

(g) A receipt from the Builder for any payment (other than the payment being made by the Assignee pursuant to the first paragraph of this Section 6) required to be made on such Closing Date to the Builder with respect to the Equipment, unless such payment is made by the Assignee with funds furnished to it for that purpose by the Railroad.

In giving the opinions specified in subparagraphs (d), (e) and (f) of this Section 6, counsel may qualify any opinion to the effect that any agreement is a valid and binding instrument enforceable in accordance with its terms

by a general reference to limitations as to enforceability imposed by bankruptcy, insolvency, reorganization, moratorium or other laws affecting the enforcement of creditors' rights generally. In giving the opinion specified in said subparagraph (d), counsel may rely, as to authorization, execution and delivery by the Builder of the documents executed by the Builder and title to the Equipment at the time of delivery thereof under the Conditional Sale Agreement, on the opinion of counsel for the Builder, and as to any matter governed by the law of any jurisdiction other than New York or the United States, on the opinion of counsel for the Builder or the opinion of counsel for the Railroad as to such matter.

The obligation of the Assignee hereunder to make payment for any Group of the Equipment is hereby expressly conditioned upon the prior receipt by the Assignee, as provided in the Finance Agreement, of all the funds to be furnished to the Assignee by the various parties to the Finance Agreement with respect to such Group. The Assignee shall not be obligated to make any above-mentioned payment at any time while an event of default, or any event which with the lapse of time and/or demand provided for in the Conditional Sale Agreement would constitute an event of default, shall be subsisting under the Conditional Sale Agreement. In the event that the Assignee shall not make any such payment, the Assignee shall reassign to the Builder, without recourse to the Assignee, all right, title and interest of the Assignee in and to the units of the Equipment with respect to which payment has not been made by the Assignee.

It is understood and agreed that the Assignee shall not be required to make any payment with respect to, and shall have no right or interest in, any Equipment excluded from the Conditional Sale Agreement pursuant to Article 3 thereof.

The term "business days" as used herein means calendar days, excluding Saturdays, Sundays, and holidays.

SECTION 8. The Builder hereby:

(a) represents and warrants to the Assignee, its successors and assigns, that the Conditional Sale Agreement was duly authorized by it and lawfully executed and delivered by it for a valid consideration, that, assuming due authorization, execution and delivery by the Railroad, the Conditional Sale Agreement is, in so far as the Builder is concerned, a valid and existing agreement binding upon it and the Railroad in accordance with its terms and that it is now in force without amendment thereto;

(b) agrees that it will from time to time and at all times, at the request of the Assignee or its successors or assigns, make, execute and deliver all such further instruments of assignment, transfer and assurance and do such further acts and things as may be necessary and appropriate in the premises to give effect to the provisions hereinabove set forth and more perfectly to confirm the rights, titles and interests hereby assigned and transferred to the Assignee or intended so to be; and

(c) agrees that, upon request of the Assignee, its successors and assigns, it will execute any and all instruments which may be necessary or proper in order to discharge of record the Conditional Sale Agreement or any other instrument evidencing any interest of the Builder therein or in the Equipment.

any design, system, process, formula, combination, article or material which infringes or is claimed to infringe on any patent or other right. The Railroad likewise will indemnify, protect and hold harmless the Vendor from and against any and all liability, claims, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Vendor because of the use in or about the construction or operation of any of the Equipment of any article or material specified by the Railroad and not manufactured by the Builder or of any design, system, process, formula or combination specified by the Railroad and not developed or purported to be developed by the Builder which infringes or is claimed to infringe on any patent or other right. The Builder agrees to and hereby does, to the extent legally possible without impairing any claim, right or cause of action hereinafter referred to, assign, set over and deliver to the Railroad every claim, right and cause of action which the Builder has or hereafter shall have against the seller or sellers of any designs, systems, processes, formulae, combinations, articles or materials specified by the Railroad and purchased or otherwise acquired by the Builder for use in or about the construction or operation of any of the Equipment, on the ground that any such design, system, process, formula, combination, article or material or operation thereof infringes or is claimed to infringe on any patent or other right. The Builder further agrees to execute and deliver to the Railroad or the users of the Equipment all and every such further assurance as may be reasonably requested by the Railroad more fully to effectuate the assignment and delivery of every such claim, right and cause of action. The Builder will give notice to the Railroad of any claim known to the Builder from which liability may be charged against the Railroad hereunder and the Railroad will give notice to the Builder of any claim known to the

Railroad from which liability may be charged against the Builder hereunder. Such covenants of indemnity shall continue in full force and effect notwithstanding the full payment of all sums due under this Agreement, the satisfaction and discharge of this Agreement or the termination of this Agreement in any manner.

ARTICLE 17. *Assignments.* The Railroad will not sell, assign, transfer or otherwise dispose of its rights under this Agreement or, except as provided in Article 13 hereof, transfer the right to possession of any unit of the Equipment without first obtaining the written consent of the Vendor. An assignment or transfer to a railroad company organized under the laws of the United States of America or any of the states thereof which shall acquire all or substantially all the lines of railroad of the Railroad, and which, by execution of an appropriate instrument satisfactory to the Vendor, shall assume and agree to perform each of and all the obligations and covenants of the Railroad under this Agreement, shall not be deemed a breach of this covenant.

All or any of the rights, benefits and advantages of the Vendor under this Agreement, including the right to receive the payments herein provided to be made by the Railroad, may be assigned by the Vendor and reassigned by any assignee at any time or from time to time. No such assignment shall subject any assignee to, or relieve the Builder from, any of the obligations of the Builder to construct and deliver the Equipment in accordance with this Agreement or to respond to any of its warranties and indemnities under Articles 10 and 16 hereof, or relieve the Railroad of any of its obligations to the Builder under Articles 2, 3, 4, 5, 10, 15 and 16 hereof and this Article 17 or of any other obligation which, according to its terms and context, is intended to survive an assignment.

Upon any such assignment either the assignor or the assignee shall give written notice to the Railroad, together with a counterpart or copy of such assignment, stating the identity and post office address of the assignee, and such assignee shall by virtue of such assignment acquire all the assignor's right, title and interest in and to the Equipment and this Agreement, or in and to a portion thereof, as the case may be, subject only to such reservations as may be contained in such assignment. From and after the receipt by the Railroad of the notification of any such assignment, all payments thereafter to be made by the Railroad under this Agreement shall, to the extent so assigned, be made to the assignee in such manner as it may direct.

The Railroad recognizes that it is the custom of railroad equipment manufacturers to assign conditional sale agreements and understands that the assignment of this Agreement, or of some of or all the rights of the Vendor hereunder, is contemplated. The Railroad expressly represents, for the purpose of assurance to any person, firm or corporation considering the acquisition of this Agreement or of all or any of the rights of the Vendor hereunder and for the purpose of inducing such acquisition, that in the event of such assignment by the Vendor as hereinbefore provided, the rights of such assignee to the entire unpaid indebtedness in respect of the Purchase Price or such part thereof as may be assigned, together with interest thereon, as well as any other rights hereunder which may be so assigned, shall not be subject to any defense, setoff, counterclaim or recoupment whatsoever arising out of any breach of any obligation of the Builder with respect to the Equipment or the manufacture, construction, delivery or warranty thereof, or with respect to any indemnity herein contained, nor subject to any defense, setoff, counterclaim or recoupment whatsoever arising by reason of any other indebtedness or liability at any time owing to the Railroad by the

Builder. Any and all such obligations, howsoever arising, shall be and remain enforceable by the Railroad against and only against the Builder.

In the event of any such assignment or successive assignments by the Vendor of title to the Equipment and of some of or all the Vendor's rights under this Agreement with respect thereto, the Railroad will, whenever requested by the assignee, change the markings on each side of each unit of the Equipment so as to indicate the title of such assignee to the Equipment, such markings to be such as shall be specified by such assignee, subject to any requirements of the laws of the jurisdictions in which the Equipment shall be operated by the Railroad. The cost of such markings in the event of an assignment of not less than all the Equipment at the time covered by this Agreement shall be borne by the Railroad and, in the event of any assignment of less than all such Equipment, such cost shall be borne by such assignee.

In the event of any such assignment prior to settlement for all the Equipment, the Railroad will (a) in connection with each settlement for a Group of Equipment subsequent to such assignment, deliver to the assignee, at the time of delivery by the Railroad of notice fixing the Closing Date with respect to such Group, all documents required by the terms of such assignment to be delivered to such assignee in connection with such settlement, in such number of counterparts or copies as may reasonably be requested, except for any opinion of counsel for such assignee, and (b) furnish to such assignee such number of copies or counterparts of any other certificate or paper required by the Vendor as may reasonably be requested.

If this Agreement shall have been assigned by the Builder and the assignee shall not make payment to the Builder with respect to units of the Equipment as provided

in the instrument making such assignment, the Builder will promptly notify the Railroad of such event and, if such amount shall not have been previously paid by such assignee, the Railroad will, not later than 90 days after the date such payment was due, pay or cause to be paid to the Builder the aggregate unpaid Purchase Price of such units, together with interest from the date such payment was due to the date of payment by the Railroad at the highest prime rate of interest of leading New York City banks in effect on the date such payment was due.

ARTICLE 18. *Defaults.* In the event that any one or more of the following events of default shall occur and be continuing, to wit:

(a) the Railroad shall fail to pay in full any indebtedness in respect of the Purchase Price of the Equipment or any other sum payable by the Railroad as provided in this Agreement within five days after payment thereof shall be due hereunder; or

(b) the Railroad shall, for more than 30 days after the Vendor shall have demanded in writing performance thereof, fail or refuse to comply with any covenant, agreement, term or provision of this Agreement, or of any agreement entered into concurrently herewith relating to the financing of the Equipment, on its part to be kept or performed or to make provision satisfactory to the Vendor for such compliance; or

(c) a petition for reorganization under Section 77 of the Bankruptcy Act, as now constituted or as said Section 77 may be hereafter amended, shall be filed by or against the Railroad and, unless such petition shall have been dismissed, nullified, stayed or otherwise rendered ineffective (but then only so long as such stay shall continue in force or such ineffectiveness shall

#### **MODEL ASSIGNMENT PROVISIONS**

SECTION 3. The Builder agrees that it shall construct the Equipment in full accordance with the Conditional Sale Agreement and will deliver the same upon completion to the Railroad in accordance with the provisions of the Conditional Sale Agreement; and that, notwithstanding this Assignment, it will perform and fully comply with each of and all the covenants and conditions of the Conditional Sale Agreement set forth to be performed and complied with by the Builder. The Builder further agrees that it will warrant to the Assignee and the Railroad that at the time of delivery of each unit of the Equipment under the Conditional Sale Agreement it had legal title to such unit and good and lawful right to sell such unit and that title to such unit was free of all claims, liens, security interests and other encumbrances of any nature except only the rights of the Railroad under the Conditional Sale Agreement; and the Builder further agrees that it will defend the title to such unit against the demands of all persons whomsoever based on claims originating prior to the delivery of such unit by the Builder under the Conditional Sale Agreement; all *subject, however*, to the provisions of the Conditional Sale Agreement and the rights of the Railroad thereunder. The Builder will not deliver any of the Equipment to the Railroad under the Conditional Sale Agreement until the filings and recordations referred to in Article 21 of the Conditional Sale Agreement have been effected.

SECTION 4. The Builder agrees with the Assignee that in any suit, proceeding or action brought by the Assignee under the Conditional Sale Agreement for any instalment of, or interest on, indebtedness in respect of the Purchase

Price of the Equipment or to enforce any provision of the Conditional Sale Agreement, the Builder will indemnify, protect and hold harmless the Assignee from and against all expense, loss or damage suffered by reason of any defense, setoff, counterclaim or recoupment whatsoever of the Railroad arising out of a breach by the Builder of any obligation with respect to the Equipment or the manufacture, construction, delivery or warranty thereof, or under Article 10 or 16 of the Conditional Sale Agreement, or by reason of any defense, setoff, counterclaim or recoupment whatsoever arising by reason of any other indebtedness or liability at any time owing to the Railroad by the Builder. The Builder's obligation so to indemnify, protect and hold harmless the Assignee is conditional upon (a) the Assignee's timely motion or other appropriate action, on the basis of Article 17 of the Conditional Sale Agreement, to strike any defense, setoff, counterclaim or recoupment asserted by the Railroad in any such suit, proceeding or action and (b) if the court or other body having jurisdiction in such suit, proceeding or action denies such motion or other action and accepts such defense, setoff, counterclaim or recoupment as a triable issue in such suit, proceeding or action, the Assignee's prompt notification to the Builder of the asserted defense, setoff, counterclaim or recoupment and the Assignee's giving the Builder the right, at the Builder's expense, to compromise, settle or defend against such defense, setoff, counterclaim or recoupment.

Except in cases of articles or materials specified by the Railroad and not manufactured by the Builder and in cases of designs, systems, processes, formulae or combinations specified by the Railroad and not developed or purported to be developed by the Builder, the Builder agrees to indemnify, protect and hold harmless the Assignee from and against any and all liability, claims, costs, charges and

expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Assignee or its assigns because of the use in or about the construction or operation of any of the Equipment of any design, system, process, formula, combination, article or material which infringes or is claimed to infringe on any patent or other right. The Builder agrees that any amounts payable to it by the Railroad with respect to the Equipment, whether pursuant to the Conditional Sale Agreement or otherwise, not hereby assigned to the Assignee, shall not be secured by any lien, charge or security interest upon the Equipment or any unit thereof.

SECTION 6. The Assignee, on each Closing Date fixed as provided in Article 4 of the Conditional Sale Agreement with respect to a Group (as defined in said Article 4) of the Equipment, shall pay to the Builder an amount equal to the portion of the purchase price thereof which, under the terms of said Article 4, is payable in instalments, provided that there shall have been delivered to the Assignee, as provided in Article 17 of the Conditional Sale Agreement and at least five business days prior to such Closing Date, the following documents, in form and substance satisfactory to it and to its special counsel hereinafter mentioned, in such number of counterparts as may be reasonably requested by said special counsel:

(a) A bill of sale from the Builder to the Assignee transferring to the Assignee title to the units of the Equipment in such Group, warranting to the Assignee and to the Railroad that at the time of delivery of such units under the Conditional Sale Agreement the Builder had legal title to such units and good and lawful right to sell such units and that title to such units was free of all claims, liens, security interests and other encumbrances of any nature except only the rights of the

Railroad under the Conditional Sale Agreement, and covenanting to defend the title to such units against the demands of all persons whomsoever based on claims originating prior to the delivery of such units by the Builder under the Conditional Sale Agreement;

(b) A Certificate or Certificates of Acceptance with respect to the units of the Equipment in such Group as contemplated by Article 3 of the Conditional Sale Agreement;

(c) An invoice of the Builder for the units of the Equipment in such Group accompanied by or having endorsed thereon a certification by the Railroad as to the correctness of the prices of such units;

(d) An opinion of Messrs. Cravath, Swaine & Moore, who are acting as special counsel for the Assignee and the Investors named in the Finance Agreement, dated as of such Closing Date, stating that (i) the Finance Agreement, assuming due authorization, execution and delivery by such Investors, has been duly authorized, executed and delivered and is a legal, valid and binding instrument, (ii) the Conditional Sale Agreement has been duly authorized, executed and delivered by the Railroad and the Builder and is a legal, valid and binding instrument enforceable against the Railroad and the Builder in accordance with its terms, (iii) this Assignment has been duly authorized, executed and delivered by the Builder and the Assignee and is a legal, valid and binding instrument, (iv) the Assignee is vested with all the rights, titles, interests, powers and privileges purported to be assigned to it by this Assignment, (v) security title to the units of the Equipment in such Group is validly vested in the Assignee and such units, at the

time of delivery thereof to the Railroad under the Conditional Sale Agreement, were free from all claims, liens, security interests and other encumbrances (other than those created by the Conditional Sale Agreement), (vi) no approval of the Interstate Commerce Commission or any other governmental authority is necessary for the valid execution and delivery of the Finance Agreement, the Conditional Sale Agreement or this Assignment, or if any such authority is necessary, it has been obtained, (vii) the Conditional Sale Agreement and this Assignment have been duly filed and recorded with the Interstate Commerce Commission in accordance with Section 20c of the Interstate Commerce Act and no other filing or recordation is necessary for the protection of the rights of the Assignee in any state of the United States of America or in the District of Columbia and (viii) registration of the Conditional Sale Agreement, this Assignment or the certificates of interest delivered pursuant to the Finance Agreement is not required under the Securities Act of 1933, as amended, and qualification of an indenture with respect thereto is not required under the Trust Indenture Act of 1939, as amended; and such opinion shall also cover such other matters as may reasonably be requested by the Assignee or such Investors;

(e) An opinion of counsel for the Railroad, dated as of such Closing Date, to the effect set forth in clauses (i), (ii), (iii), (v), (vi) and (vii) of subparagraph (d) of this Section 6 and stating that the Railroad is a duly organized and existing corporation in good standing under the laws of its jurisdiction of incorporation and has the power and authority to own its properties and to carry on its business as now conducted;

(f) An opinion of counsel for the Builder, dated as of such Closing Date, stating that (i) the Builder is a duly organized and existing corporation in good standing under the laws of its jurisdiction of incorporation and has the power and authority to own its properties and to carry on its business as now conducted, (ii) the Conditional Sale Agreement has been duly authorized, executed and delivered by the Builder and is a legal and valid instrument binding upon the Builder and enforceable against the Builder in accordance with its terms, (iii) this Assignment has been duly authorized, executed and delivered by the Builder and is a legal and valid instrument binding upon the Builder, (iv) the Assignee is vested with all the rights, titles, interests, powers, privileges and remedies purported to be assigned to the Assignee by this Assignment and (v) security title to the units of the Equipment in such Group is validly vested in the Assignee and such units, at the time of delivery thereof to the Railroad under the Conditional Sale Agreement, were free from all claims, liens, security interests and other encumbrances (other than those created by the Conditional Sale Agreement); and

(g) A receipt from the Builder for any payment (other than the payment being made by the Assignee pursuant to the first paragraph of this Section 6) required to be made on such Closing Date to the Builder with respect to the Equipment, unless such payment is made by the Assignee with funds furnished to it for that purpose by the Railroad.

In giving the opinions specified in subparagraphs (d), (e) and (f) of this Section 6, counsel may qualify any opinion to the effect that any agreement is a valid and binding instrument enforceable in accordance with its terms

by a general reference to limitations as to enforceability imposed by bankruptcy, insolvency, reorganization, moratorium or other laws affecting the enforcement of creditors' rights generally. In giving the opinion specified in said subparagraph (d), counsel may rely, as to authorization, execution and delivery by the Builder of the documents executed by the Builder and title to the Equipment at the time of delivery thereof under the Conditional Sale Agreement, on the opinion of counsel for the Builder, and as to any matter governed by the law of any jurisdiction other than New York or the United States, on the opinion of counsel for the Builder or the opinion of counsel for the Railroad as to such matter.

The obligation of the Assignee hereunder to make payment for any Group of the Equipment is hereby expressly conditioned upon the prior receipt by the Assignee, as provided in the Finance Agreement, of all the funds to be furnished to the Assignee by the various parties to the Finance Agreement with respect to such Group. The Assignee shall not be obligated to make any above-mentioned payment at any time while an event of default, or any event which with the lapse of time and/or demand provided for in the Conditional Sale Agreement would constitute an event of default, shall be subsisting under the Conditional Sale Agreement. In the event that the Assignee shall not make any such payment, the Assignee shall reassign to the Builder, without recourse to the Assignee, all right, title and interest of the Assignee in and to the units of the Equipment with respect to which payment has not been made by the Assignee.

It is understood and agreed that the Assignee shall not be required to make any payment with respect to, and shall have no right or interest in, any Equipment excluded from the Conditional Sale Agreement pursuant to Article 3 thereof.

The term "business days" as used herein means calendar days, excluding Saturdays, Sundays, and holidays.

SECTION 8. The Builder hereby:

(a) represents and warrants to the Assignee, its successors and assigns, that the Conditional Sale Agreement was duly authorized by it and lawfully executed and delivered by it for a valid consideration, that, assuming due authorization, execution and delivery by the Railroad, the Conditional Sale Agreement is, in so far as the Builder is concerned, a valid and existing agreement binding upon it and the Railroad in accordance with its terms and that it is now in force without amendment thereto;

(b) agrees that it will from time to time and at all times, at the request of the Assignee or its successors or assigns, make, execute and deliver all such further instruments of assignment, transfer and assurance and do such further acts and things as may be necessary and appropriate in the premises to give effect to the provisions hereinabove set forth and more perfectly to confirm the rights, titles and interests hereby assigned and transferred to the Assignee or intended so to be; and

(c) agrees that, upon request of the Assignee, its successors and assigns, it will execute any and all instruments which may be necessary or proper in order to discharge of record the Conditional Sale Agreement or any other instrument evidencing any interest of the Builder therein or in the Equipment.

ARTICLE 22. *Payment of Expenses.* The Railroad will pay all reasonable costs and expenses (other than the fees and expenses of counsel for the Builder) incident to this Agreement and the first assignment of this Agreement (including the fees and expenses of an agent, if the first assignee is an agent), and any instrument supplemental or related hereto or thereto, including all fees and expenses of counsel for the first assignee of this Agreement and for any party acquiring interests in such first assignment, and all reasonable costs and expenses in connection with the transfer by any party of interests acquired in such first assignment. For the purposes of this Article 22, if the first assignee is an agent, then any successor agent to such agent shall also be considered the first assignee.

ARTICLE 24. *Article Headings; Effect and Modification of Agreement.* All article headings are inserted for convenience only and shall not affect any construction or interpretation of this Agreement.

This Agreement, including the Schedules and Annexes hereto, exclusively and completely states the rights of the

Vendor and the Railroad with respect to the Equipment and supersedes all other agreements, oral or written, with respect to the Equipment. No variation or modification of this Agreement and no waiver of any of its provisions or conditions shall be valid unless in writing and signed by duly authorized officers of the Vendor and the Railroad.

ARTICLE 26. *Definitions.* The term "Vendor", whenever used in this Agreement, means, before any assignment of any of its rights hereunder, the corporation named in Item 1 of Schedule A hereto and any successor or successors for the time being to its manufacturing properties and business, and, after any such assignment, both any assignee or assignees for the time being of such particular assigned rights as regards such rights, and also any assignor as regards any rights hereunder that are retained or excluded from any assignment; and the term "Builder", whenever used in this Agreement, means, both before and after any such assignment, the corporation named in Item 1 of Schedule A hereto and any successor or successors for the time being to its manufacturing properties and business.

The Builder agrees that it shall construct the Equipment in full accordance with the Conditional Sale Agreement and will deliver the same upon completion to the Railroad in accordance with the provisions of the Conditional Sale Agreement; and that, notwithstanding this Assignment, it will perform and fully comply with each of and all the covenants and conditions of the Conditional Sale Agreement set forth to be performed and complied with by the Builder. The Builder further agrees that it will warrant to the Assignee and the Railroad that at the time of delivery of each unit of the Equipment under the Conditional Sale Agreement it had legal title to such unit and good and lawful right to sell such unit and that title to such unit was free of all claims, liens, security interests and other encumbrances of any nature except only the rights of the Railroad under the Conditional Sale Agreement; and the Builder further agrees that it will defend the title to such unit against the demands of all persons whomsoever based on claims originating prior to the delivery of such unit by the Builder under the Conditional Sale Agreement; all *subject, however*, to the provisions of the Conditional Sale Agreement and the rights of the Railroad thereunder. The Builder will not deliver any of the Equipment to the Railroad under the Conditional Sale Agreement until the filings and recordations referred to in Article 21 of the Conditional Sale Agreement have been effected.

SECTION 4. The Builder agrees with the Assignee that in any suit, proceeding or action brought by the Assignee under the Conditional Sale Agreement for any instalment of, or interest on, indebtedness in respect of the Purchase

Price of the Equipment or to enforce any provision of the Conditional Sale Agreement, the Builder will indemnify, protect and hold harmless the Assignee from and against all expense, loss or damage suffered by reason of any defense, setoff, counterclaim or recoupment whatsoever of the Railroad arising out of a breach by the Builder of any obligation with respect to the Equipment or the manufacture, construction, delivery or warranty thereof, or under Article 10 or 16 of the Conditional Sale Agreement, or by reason of any defense, setoff, counterclaim or recoupment whatsoever arising by reason of any other indebtedness or liability at any time owing to the Railroad by the Builder. The Builder's obligation so to indemnify, protect and hold harmless the Assignee is conditional upon (a) the Assignee's timely motion or other appropriate action, on the basis of Article 17 of the Conditional Sale Agreement, to strike any defense, setoff, counterclaim or recoupment asserted by the Railroad in any such suit, proceeding or action and (b) if the court or other body having jurisdiction in such suit, proceeding or action denies such motion or other action and accepts such defense, setoff, counterclaim or recoupment as a triable issue in such suit, proceeding or action, the Assignee's prompt notification to the Builder of the asserted defense, setoff, counterclaim or recoupment and the Assignee's giving the Builder the right, at the Builder's expense, to compromise, settle or defend against such defense, setoff, counterclaim or recoupment.

Except in cases of articles or materials specified by the Railroad and not manufactured by the Builder and in cases of designs, systems, processes, formulae or combinations specified by the Railroad and not developed or purported to be developed by the Builder, the Builder agrees to indemnify, protect and hold harmless the Assignee from and against any and all liability, claims, costs, charges and

The Builder agrees that any amounts payable to it by the Railroad with respect to the Equipment, whether pursuant to the Conditional Sale Agreement or otherwise, not hereby assigned to the Assignee, shall not be secured by any lien, charge or security interest upon the Equipment or any unit thereof.

SECTION 6. The Assignee, on each Closing Date fixed as provided in Article 4 of the Conditional Sale Agreement with respect to a Group (as defined in said Article 4) of the Equipment, shall pay to the Builder an amount equal to the portion of the purchase price thereof which, under the terms of said Article 4, is payable in instalments, provided that there shall have been delivered to the Assignee, as provided in Article 17 of the Conditional Sale Agreement and at least five business days prior to such Closing Date, the following documents, in form and substance satisfactory to it and to its special counsel hereinafter mentioned, in such number of counterparts as may be reasonably requested by said special counsel:

(b) A Certificate or Certificates of Acceptance with respect to the units of the Equipment in such Group as contemplated by Article 3 of the Conditional Sale Agreement;

(c) An invoice of the Builder for the units of the Equipment in such Group accompanied by or having endorsed thereon a certification by the Railroad as to the correctness of the prices of such units;

(d) An opinion of Messrs. Cravath, Swaine & Moore, who are acting as special counsel for the Assignee and the Investors named in the Finance Agreement, dated as of such Closing Date, stating that (i) the Finance Agreement, assuming due authorization, execution and delivery by such Investors, has been duly authorized, executed and delivered and is a legal, valid and binding instrument, (ii) the Conditional Sale Agreement has been duly authorized, executed and delivered by the Railroad and the Builder and is a legal, valid and binding instrument enforceable against the Railroad and the Builder in accordance with its terms, (iii) this Assignment has been duly authorized, executed and delivered by the Builder and the Assignee and is a legal, valid and binding instrument, (iv) the Assignee is vested with all the rights, titles, interests, powers and privileges purported to be assigned to it by this Assignment, (v) security title to the units of the Equipment in such Group is validly vested in the Assignee and such units, at the

(g) A receipt from the Builder for any payment (other than the payment being made by the Assignee pursuant to the first paragraph of this Section 6) required to be made on such Closing Date to the Builder with respect to the Equipment, unless such payment is made by the Assignee with funds furnished to it for that purpose by the Railroad.

In giving the opinions specified in subparagraphs (d), (e) and (f) of this Section 6, counsel may qualify any opinion to the effect that any agreement is a valid and binding instrument enforceable in accordance with its terms

by a general reference to limitations as to enforceability imposed by bankruptcy, insolvency, reorganization, moratorium or other laws affecting the enforcement of creditors' rights generally. In giving the opinion specified in said subparagraph (d), counsel may rely, as to authorization, execution and delivery by the Builder of the documents executed by the Builder and title to the Equipment at the time of delivery thereof under the Conditional Sale Agreement, on the opinion of counsel for the Builder, and as to any matter governed by the law of any jurisdiction other than New York or the United States, on the opinion of counsel for the Builder or the opinion of counsel for the Railroad as to such matter.

The obligation of the Assignee hereunder to make payment for any Group of the Equipment is hereby expressly conditioned upon the prior receipt by the Assignee, as provided in the Finance Agreement, of all the funds to be furnished to the Assignee by the various parties to the Finance Agreement with respect to such Group. The Assignee shall not be obligated to make any above-mentioned payment at any time while an event of default, or any event which with the lapse of time and/or demand provided for in the Conditional Sale Agreement would constitute an event of default, shall be subsisting under the Conditional Sale Agreement. In the event that the Assignee shall not make any such payment, the Assignee shall reassign to the Builder, without recourse to the Assignee, all right, title and interest of the Assignee in and to the units of the Equipment with respect to which payment has not been made by the Assignee.

It is understood and agreed that the Assignee shall not be required to make any payment with respect to, and shall have no right or interest in, any Equipment excluded from the Conditional Sale Agreement pursuant to Article 3 thereof.

The term "business days" as used herein means calendar days, excluding Saturdays, Sundays, and holidays.

SECTION 8. The Builder hereby:

(a) represents and warrants to the Assignee, its successors and assigns, that the Conditional Sale Agreement was duly authorized by it and lawfully executed and delivered by it for a valid consideration, that, assuming due authorization, execution and delivery by the Railroad, the Conditional Sale Agreement is, in so far as the Builder is concerned, a valid and existing agreement binding upon it and the Railroad in accordance with its terms and that it is now in force without amendment thereto;

(b) agrees that it will from time to time and at all times, at the request of the Assignee or its successors or assigns, make, execute and deliver all such further instruments of assignment, transfer and assurance and do such further acts and things as may be necessary and appropriate in the premises to give effect to the provisions hereinabove set forth and more perfectly to confirm the rights, titles and interests hereby assigned and transferred to the Assignee or intended so to be; and

(c) agrees that, upon request of the Assignee, its successors and assigns, it will execute any and all instruments which may be necessary or proper in order to discharge of record the Conditional Sale Agreement or any other instrument evidencing any interest of the Builder therein or in the Equipment.
